## Upcoming Hearing – Water, Power and Oceans Subcommittee

*Modernizing Western Water and Power Infrastructure in the 21st Century*

The Water, Power and Oceans Subcommittee of the Natural Resources Committee will hold a hearing on Wednesday, March 1, 2017, at 10:00 am in 1324 Longworth House Office Building. This will be a one-panel hearing to address policy with regard to water and power infrastructure.

The key issues to be presented include the following:

- To examine ways to protect existing water and power infrastructure and help facilitate the construction of new water and power facilities;
- To present measures aimed at modernizing federal regulations and bureaucratic barriers impacting these facilities; and,
- To consider implementation of the recently enacted Water Infrastructure Improvements for the Nation (WIIN) Act could be a key way to develop water storage and other water supply projects.

The following are the invited witnesses:
